

ORNEY.
OR THE
FORTUNES OF JULIET CLAYBURN.

CONTINUED.

"Brother," prayed Mrs. Thurlow, almost as pale as the marble face before her, "none of this. Be quiet. You make me so nervous I can do nothing for her restoration. Suppose we remove her to my chamber, just opposite, and place her on the bed. I will loosen her dress and then respiration will be free."

"She is beginning to breathe," said Karl, who was kneeling on the floor beside the sofa. "See!"

"You need not be frightened, uncle Clayburn," said Rudolph.

Karl soaked his handkerchief in *Eau de Cologne* and held it for her to inhale. She drew a long sigh, and the blue eyes opened. She looked at her lover, and a soft blush came to the face which had been recently so deadly pale.

"Do you know me, Julie?"

"It is Karl's voice," she said; "it is Karl himself. My own Karl, come back to me."

"Would to God I had never left you, my darling."

"It would have been better, perhaps—but we cannot tell. We must not grieve over the past. It is irrevocable. But you will never leave me again?"

"No, no," Karl wiped his moistened eyes and turned away his face to conceal his emotion.

"Karl," were the next murmured words, "who told you I was false, and how could you believe it?"

He drew out their engagement ring from his vest pocket. Rudolph and Juliet could not forbear an exclamation of astonishment when they beheld it.

"You know the significance attached to this," he said. When I received it what could I do? What else could I believe?"

"I never sent it," said Juliet, emphatically. "I thought it was lost. It made me very unhappy, but I wrote you all about it, hoping no harm would come to us."

"Oh! this has been a villainous piece of business!" exclaimed Karl; "the devil himself could not concoct anything more diabolical."

"Who did it?" inquired Mr. Clayburn. No one answered, but there were significant looks exchanged between Karl, Rudolph and Juliet.

"But who did it?" inquired Mr. Clayburn again. "Does anybody know?"

"We suspect, father," replied Juliet. "Let me ask Karl a few questions, and then I will tell you where our suspicious rest. Where were you, Karl, when you received this ring?"

"In Dresden."

"How did you get it?"

"An American gentleman, named Raymond, brought it direct from Charleston. I was absent in Vienna at the time. When I returned, mother handed me a package. I opened it—saw a letter addressed in your hand-writing, dashed open the envelope and the ring fell to the floor. I was so stunned, I could not comprehend it at first. But I picked up the ring—it was unmistakable. I unfolded the paper to see if there was any explanation. Not a line—not a word, marred its spotless surface. I looked at the superscription. I could not mistake it—it was Juliet's own writing. Mr. Raymond had left his card, with the message, he would be glad to see me on his return to Dresden, in a few weeks. I called on him at the hotel. The news he brought confirmed everything. He told me of your engagement to your cousin. I expressed a doubt, remarking it was an old report. He said there could be no doubt, for Frank had told him, himself, and that the wedding would take place very soon. He told me also of his own engagement to that—bend incarnate. Once or twice, a suspicion of what has proved to be the truth, flashed across my mind, but remembering Juliet, you had promised never to remove the ring from your finger, I rejected the thought, concluding I was a great fool for my pains, and that my happiness was wrecked as a deserved punishment, for having placed faith in a woman's word."

There was a dead silence for some minutes, when Karl ceased to speak.

"But I wrote to you many times after that," said Juliet; "did you never receive any of my letters?"

"Not one," and Karl fairly gasped at his teeth. "Of course she kept back all. You were nursing a serpent in your bosom. Not long after the ring reached me I went to Paris, where I have mostly resided since."

"Yes," said Juliet, "attending to your brother's affairs—Nannerl wrote about it."

"I cannot allow you to remain under such a false impression," said Karl, his face flushing slightly. "It is true, I went there in the first place, on business for Franz, but that was soon finished. I was unpeppably miserable, dreaded coming back to America, knew not where to find peace, so I remained in Paris, seeking oblivion in new scenes and striving to drown remembrance in a life of profligacy and dissipation."

"Poor Karl!" said Juliet, affectionately, at the same time with matchless grace and modesty, twining her arm around his neck.

"The demon, then, who did all this mischief," questioned Mr. Clayburn, "is no less a person than Cornelia Raymond?"

"The same," answered Karl, with an air of suppressed exasperation.

"I can now account for her anxiety to get me married off," said Juliet. "All last winter, in Charleston, she was persecuting me about it, saying it was my duty to marry Frank; that I would doubtless be an old maid if I didn't, and that I was a silly goose to be constant to a man who had forgotten my very existence."

the—wretch!" exclaimed Karl.

TO BE CONTINUED.

DR. J. BRADFIELD'S
FEMALE REGULATOR!
WOMAN'S BEST FRIEND.

THIS valuable medicine is prepared for women exclusively, and to be used by women only. It is adapted especially to those cases where the womb is disordered, and will cure any irregularity in the "monthly courses," except in such cases as require surgical operation. As these last are very rare, the FEMALE REGULATOR is of almost universal application. In a sudden check of the "monthly courses" from cold, trouble of mind, or like cause, it acts like a charm, by restoring the discharge in every instance, thus relieving the fever, headache, pain in the small of the back and "lower stomach," "flushes of heat about the face," chills, sensations, burning of the eye-lids, and general restlessness. Taken in time, all these symptoms pass away immediately, without injury to the constitution. Frequently, however, the proper remedy is not applied in time, the disease becomes chronic, and the foundation laid for numerous evils, such as the constitution of the woman. The next "turn" comes around, and there is no "show," or perhaps the "whites" will appear. There will be some uneasiness about the womb, but very little or none of the natural fluid escaping. The complexion becomes sallow, bowels swollen, a sort of greenish cast about the face, constant dull aching pains in the head, weight in the lower stomach and back, with or without whites, palpitations of the heart, pallor, exhaustion, indigestion, weariness, languor, aching across the loins, loss of appetite, pain in left breast, tightness across the chest, cough and giddiness. If still allowed to go on, "green sickness" will be fully developed; the headache becomes severe, with loss of memory, diminished sensibility, sick stomach, dyspepsia, no relish for food, loss of flesh, increased fluttering of the heart, swelling of the feet, legs and body, and occasional spitting of blood. The slightest effort causes hurried breathing, almost to suffocation. The skin is flabby, and has a "doughy feel." This is a sad picture, but it is the condition of thousands of women between the ages of fifteen and forty-five, who are brought to the grave by ignorance, or neglect to take the proper remedy.

To all who are afflicted with any of the symptoms above-mentioned, in connection with an irregularity of the "monthly sickness," we earnestly say TAKE DR. J. BRADFIELD'S FEMALE REGULATOR. A few courses taken, you will at once experience its benefit, and with a little patience, you will be fully restored to health. This remedy has been extensively used for upward of twenty years by many of the most experienced and successful physicians in Georgia. No family should be without two or three bottles.

We repeat, that Dr. J. BRADFIELD'S FEMALE REGULATOR is prepared for women, and to be used by women only. A trial is all we ask. Prepared and sold in any quantity, by BRADFIELD & CO., Atlanta, Ga.

TESTIMONIALS.

We, the undersigned Druggists, take pleasure in commending to the trade Dr. J. Bradfield's Female Regulator, believing it to be a good and reliable remedy for the disease for which he recommends it.

PEMBERTON, WILSON, TAYLOR & Co., Atlanta, W. A. LANSDELL, W. O. LAWRENCE, Atlanta, Ga. W. ROOT & SON, Marietta, Ga. STATE GEORGIA, TROUP CO., Dec. 21, 1868.

This is to certify that I have examined the recipe of Dr. Josiah Bradfield, of this County, and as a medical man, pronounce it to be a good and reliable remedy for the disease for which he recommends it. WM. F. BEASLEY, M. D. CARTERSVILLE, GA., April 26, 1869.

This will certify that two members of my immediate family, after having suffered for many years from menstrual irregularity, and having been treated without benefit by various medical doctors, were completely cured by one bottle of Dr. J. Bradfield's Female Regulator. I therefore deem it my duty to furnish this certificate, with the hope of drawing the attention of suffering womankind to the merits of a medicine whose power in curing irregular and suppressed menstruation has been proven under my own personal observation. Its effect on such cases is truly wonderful, and well may the remedy be called "Woman's Best Friend." Yours, respectfully, JAMES W. STRANGE. W. H. TURT, of Augusta, Ga., and DOWIE & MOISE, of Charleston, S. C., Wholesale Agents. Price \$1.50 per bottle. For sale by FISHER & HEINTZ, GEORGE & MCGREGOR, and C. H. MOTT, Columbia, S. C. Oct 30 '71

Quaker Liniment.

THE SUREST PROTECTION against disease is the timely use of a good remedy. The great Family Liniment of the age, for internal and external use, combined in one medicine.

Not since the introduction of modern Chemistry and analytical research into the hidden mysteries of the vegetable kingdom, has there been discovered a chemical product of such extraordinary curative powers as the "Quaker Liniment;" this justly celebrated medicine was discovered and prepared by a Quaker Doctor, connected with the naval service of the country, his practice was confined to those severe cases which usually result from a seafaring life. Rheumatism, Acute and Chronic, Colds, Coughs, Cramps, Chills, Fevers, Neuralgia; indeed, all acute disorders requiring prompt and energetic medicine. The treatment of these complaints with the ordinary medicine of the day failed to make a cure or relieve the patient. Disappointed and mortified at the result, and stimulated by the promptings of a pure humanity for the suffering, as well as a professional pride, he, after much labor and study, compounded his great Liniment, called the QUAKER LINIMENT. This medicine is remarkable for the peculiar property it possesses in being an internal and external remedy at the same time, and differs from all other medicines in its action in arresting disease.

It is taken internally for Colds, Coughs, Consumption, Cramps, Fever and Ague, Headache, Asthma, Dysentery, Colic, Acid Stomach, Cholera, Cholera Morbus, Sick Stomach, Pains in the Side, Rheumatism, &c.

It is used externally for Sore Throat, Diphtheria, Swelling of the Glands of the Neck, Head-ache, Neuralgia, Face-ache, Tooth-ache, Pains in the Back, on the Side or in the Heart, Stiff Neck, Lumbago, Rheumatism, it is especially good; Pains in the Bones, or in the Muscles or Joints, for Stings of Insects, Snake Bites, Itching humors in the Skin; for all these, and for more than we can enumerate, it is the great remedy.

ETIWAN GUANOS,
Soluble Manures and Sulphuric Acid,
MANUFACTURED at Charleston, under the direction of Dr. N. A. PRATT, Chemist for the Sulphuric Acid and Super-Phosphate Company.
SOLUBLE PHOSPHORIC ACID, in the form of SOLUBLE PHOSPHATE OF LIME, or DISSOLVED BONE PHOSPHATE, is the basis of all good Fertilizers, and these are valuable in the ratio of Soluble Phosphoric Acid which is in them.
The immense deposits of Phosphoric Guanos which were discovered in 1867 in South Carolina, by Dr. PRATT, consists mainly of Insoluble Phosphate of Lime, which is made available as a Fertilizer by being ground to powder, and reduced by Sulphuric Acid to such a condition as to make its insoluble phosphate soluble in water, and thus made capable of being taken up by growing plants. The insoluble phosphate found in any commercial Fertilizer is of no more value to the plant than the original phosphate rock. The greater the proportion of this Soluble Phosphate which any Fertilizer contains, the less the quantity required per acre, and consequently the cheapest Fertilizer is that containing the highest per centage of Soluble Phosphate.
Impressed with these truths, the Sulphuric Acid and Super-Phosphate Company have erected at Charleston, the first extensive Acid Chambers South of Baltimore, and are able to offer to planters the highest per centage of Soluble Phosphate of Lime known in any market.
Their Fertilizers are offered under two forms:
1. Etivan, No. 1.—PURE SOLUBLE PHOSPHATE, guaranteed to contain 24 per cent. of Dissolved Bone Phosphate of Lime, \$60 per ton, 10 per cent. discount for cash.
2. Etivan, No. 2.—PERUVIAN SUPER-PHOSPHATE, guaranteed to contain 20 per cent. of Dissolved Bone Phosphate, and 1 1/2 to 3 per cent. of Ammonia, with a sufficient addition of Peruvian Guano to adapt it to all Crops, \$70 per ton, 10 per cent. discount for cash.
WE ALSO OFFER:
DISSOLVED BONE, of high grade, for planters or manufacturers, who may desire to mix into any other compost, and we suggest that this is the best and cheapest method for manufacturers to transport the Sulphuric Acid contained in the mixture. Will be sold at fixed rate for each per centage. (Jan 1 3mo) WM. C. BEE & CO., Agents, R. O'NEALE & SON, Agents, Columbia. No. 14 Adger's Wharf, Charleston, S. C.

THE ONLY TRUE HEINTZ'S
GERMAN HORSE POWDER.
Deutsches Pferde Pulver.

THIS Celebrated POWDER is prepared from the old German Recipe, and is the only genuine German Horse Powder as made by "Heintz." It is especially intended for diseases to which the Horse is subject.
The extraordinary virtues of this Horse Powder are attested to by thousands, and for fifty years has stood and still stands first in the estimation of all experienced Farmers, Agriculturists and Farriers, as the best medicine for the Horse. It is composed of roots and herbs carefully combined with tonics, and may be given in all cases where disease exists. For INDIGESTION, DISTEMPER, Hiccough, Drowsiness, Loss of Appetite, Inward Spasms, Debility, Wasting of Flesh, Sore Eyes, Swelled Legs, Grease, Mange, Surfeit, old Coughs, Exhaustion from Work. It cures all of our common horse diseases, purifies the blood, and prevents humors becoming stiff and fouled. It is a stimulant for weak stomachs, and renders the limbs and skin soft and fine, giving a smooth coat to the hair, and transforms the ill conditioned and sick to health, beauty and spirit. Prepared only by E. H. HEINTZ, Pharmacist, Columbia, S. C. Dec 10

SOLUBLE MANURES.
The Sulphuric Acid and Super-Phosphate Company, of Charleston, S. C.,
HAVING completed their extensive Manufactory, are now prepared to furnish Soluble Fertilizers, no other kinds being available to planters for immediate returns for their investments.
This Company, under the direction entirely of Southern men of high character, offers inducements which will recommend it to Southern planters. Their works are among the largest and most complete in the United States, and enable them to prepare at home an abundant supply of the proper solvent for the South Carolina native Bone Phosphates which are near by. From these Phosphates they propose to manufacture a Fertilizer even richer in Soluble Phosphate than those made from raw bones, and containing more than twice the quantity of Super-Phosphate of Lime found in the best average Manures heretofore offered for sale, the rates at which we offer them being no higher than the average price of other Fertilizers, while the Manures contain twice as much fertilizing material; they are in fact much cheaper to the consumer. They are offered on the market in two forms, with a guarantee that the material in each will correspond to the advertisement.
ETIWAN, No. 1.—Soluble Phosphate, containing from eighteen to twenty-five per cent. of Pure Soluble Phosphate of Lime, and furnished at sixty dollars per ton.
ETIWAN, No. 2.—Peruvian Super-Phosphate, containing from sixteen to twenty per cent. of Soluble Phosphate, and two to four per cent. of ammonia, at seventy dollars per ton; for approved acceptance, bearing interest, or such other security as may be acceptable to the sub-agents. Orders to be forwarded immediately to the Agents, and delivery made as directed on and after 1st January next.
G. G. MEMMINGER, President.
The Fertilizers of this Company will be branded ETIWAN, No. 1, and ETIWAN, No. 2.
